Dept./Division:

PURPOSE/BACKGROUND:

Approximately two years ago the City Council adopted development standards and guidelines for hillside areas, defined as areas with a slope of 15% or greater. The standards and guidelines address issues of preservation, design, conservation and protection that are unique to hillside areas. The standards and guidelines were adopted primarily with residential development in mind. This bill will clarify that they are applicable to nonresidential development as well.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.
